MARINE BOATYARD

EXPERIENCE • EXPERTISE • EXCELLENCE

REPAIR SERVICES

GRP/Composites

Our trained professional structural GRP/Composites personnel have the talent to repair your boat. With inhouse professionals specialising in damage repairs, we can rebuild your boat to its original strength and cosmetic appearance.

Carpentry

Whether your boat needs a major refit or simply some finishing joinery a competent boatbuilder is essential. Our boatbuilders, backed by a complete full-service carpentry shop, have a broad range of experience in all aspects of marine woodworking.

Rigging

Our rigging shop can handle your needs. Our inhouse swaging machines allow us to custom fabricate standing rigging, running rigging and lifelines on site. We can custom fabricate hardware using stainless steel or aluminium, in our machine shop.

Machine & Fabrication Shop

Our machine & fabrication shop and knowledgeable team are capable of fabricating products from a variety of materials including stainless steel and aluminium. We can produce anything from a stemhead roller to a prop shaft.

Engineering

Our experienced engineers regularly work on Volvo, Sabermann, Yanmar, Caterpillar, Beta Marine and Northern Lights engines and generators, and our engineers can service and repair just about every brand and model of engine.

We also specialise in refrigeration systems, air conditioning and steering systems.

Painting & Varnishing

Our indoor repair facility features a climate controlled ventilation system that facilitates efficient, year-round application and high quality end products. Whether we are finishing from the spray gun with modern hi tech paints or by roller and brush with traditional marine enamels and varnishes, our painters will give your boat the care and attention that has earned them an international reputation for quality work.

YARD SERVICES

Slipping and Launching

Our hoist can slip and launch boats up to 80 feet in length and up to 40 tons. Our Wise hydraulic hoist moves boats safely in and out of the water and around our yard. We also have a tidal slipway, capable of slipping vessels up to 150 tons on our purpose built carriages.

Mast Removal, Storage and Replacement

We have experts in mast removal, with facility for undercover storage of all masts and furling systems in our custom built sparcare facility. We can also prepare and spray or brush paint masts to any specification you require.

Indoor and Outdoor Storage

We have undercover storage for approximately 50 boats and outdoor storage for up to 80 boats, all with access to power and water.

SILVERS MARINE SERVICES 2017 - 2018
